### **A WORD FROM TERRY**

**Jesus Christ is the Lord and Light of my life. He saved me at age five in a small Baptist Church in WV. He gave me musical gifts that have opened doors for me all over the world. He saved me from a violent and abusive marriage. After my divorce, He gave me a second chance with the love of my life. Because of believers' prayers, Jesus healed me instantly of a massive brain hemorrhage in 1991 after I was in a coma and given up for dead.**

**Today I own a lobbying firm in Washington, DC where I meet constantly with the rich and powerful in the nation's capitol. Just like all of us they need God's forgiveness and purpose in their lives. I hope you will come and meet me so that I can share with you what God has done in my life.** Terry
